

Sauvie Island Wildlife Area

Number of Reservations Available for Eastside and Oak Island Units

Use this table to determine the number of reservations available in hunt units during each hunt period. See the Game Bird Regulations for specific hunt dates during each period.

Types of Units: +Signifies hunt units with designated shooting blinds (blind units). All others are roam units, where hunters are free to walk around or build temporary blinds.

Number of Reservations and Hunters: The table below shows the number of reservations available for each unit. Those who are successful in a drawing will be assigned a random check-in sequence number, which will correspond to the order in which they will pick a blind or check-in for a roam unit. **For blind units, reservation holders may bring up to three hunting guests on their reservation. In roam units, reservation holders may bring one non-hunting guest.** Hunters wanting to hunt with a friend in a roam unit should apply as a party to get reservations in the same roam unit.

Hunt Unit	Period A	Period B	Period C	Period D	Period E	Period F	Period G
Aaron	6	6	8	10	10	10	10
Dead Willow	6	6	8	10	10	10	10
